Ngong Ping Cable Car to carry out scheduled maintenance from 10 to 17 May The free trial of VR 360 will be suspended after 20 April

(Hong Kong, 18 April 2018) Ngong Ping 360 invests many resources in the maintenance of its cable car system. We thus have a maintenance schedule planned for the year to ensure that the system operates in an optimal state. The cable car service will be closed temporarily for scheduled maintenance on 10-17 May (both dates inclusive).

HKID cardholders whose birthdays fall during the maintenance period will be able to redeem their free birthday cable car rides on any other day in May 2018. Ngong Ping Village, Motion 360 and Walking with Buddha will remain open during the period. Guests will be able to either purchase our special coach packages at the Tung Chung Cable Car Terminal or take other transportation to Ngong Ping Village.

Ngong Ping 360 will inform the public about the service suspension through notices on its website and at 14 MTR stations, including signs on the Tung Chung line and interchange stations, broadcasts at stations on the MTR Tung Chung line and notices at Tat Tung Road, Mei Tung Street and the Tung Chung Cable Car Terminal.

In addition, the free trial of VR 360 will be suspended after 20 April, and the venue will be closed temporarily until further notice. The closure will allow us to coordinate with related units, install two more interactive games and upgrade our safety equipment to prepare for the upcoming full launch of the upgraded version of VR 360, so as to enrich the travel experience of guests. Ngong Ping 360 will issue a press release to explain the arrangements, details and admission pricing at the appropriate time.

Guests can call Ngong Ping 360's hotline on 3666 0606 or visit the official website at www.np360.com.hk for further information.
