To avoid crowding, it is suggested that guests reserve the discounted tickets via Ngong Ping 360’s website from now. A limit of 1,000 discount tickets will be made available daily, on a first-come-first-served basis.

**Additional $88 to enjoy unlimited rides throughout the whole quarter**

**30% discount for renewal of annual passes**

Guests who purchase any round-trip cable car or guided tour ticket before 30 June 2020 can upgrade it to a 360 Quarterly Pass by paying an additional HK$88, which allows unlimited cable car rides from the purchase day to 30 September 2020. In addition, as we have recently only provided limited cable car services to minimise the spread of COVID-19, the valid period of annual passes that were purchased by guests previously will be extended for an extra 4 months. Furthermore, guests will be able to renew their annual pass at a 30% discount (original price: $550) from 27 May to 31 July.

**Comprehensive preventive measures**

**Reduction of the cabin carrying capacity by half**

As Ngong Ping 360 gradually resumes its normal operation, we will continue taking the following comprehensive preventive measures: all of the cabins, cable car terminals and Ngong Ping Village will be continually and thoroughly cleaned and disinfected; the body temperature of each guest will be measured prior to boarding the cable car, and only those with a normal temperature will be permitted to board; to ensure sufficient space inside the cabins for physical distancing, only four to six guests will be recommended to occupy each cabin, and, these guests must be visiting Ngong Ping 360 as a group; and every cabin will be cleaned using 1:99 bleach immediately after guests disembark, to ensure all of our guests can enjoy a clean and comfortable cable car journey. We will review these pandemic preventive measures in a timely manner and adjust the number and arrangement of guests in the cabins.

Andy Lau, Managing Director of Ngong Ping 360, said, “Hong Kong people’s daily life has been affected by the pandemic. Many of them are eager to breathe fresh air again, and Lantau is an excellent destination choice for this. Although the risk of the spread of COVID-19 has reduced slightly, we have no room for complacency and must continue our careful preventive measures to ensure our guests can enjoy the cable car ride and Lantau’s beautiful scenery.”

He added, “Local people now pay more attention to their personal health. Accordingly, tourism will now tend to be more related to nature and green
tourism. Ngong Ping 360 will develop a series of products for private tours and green tourism to attract local people."

**Keeping pace with market demands**
**Ngong Ping 360 launches private tour and IG tour**

To cope with the new trend for green tourism, 360 Holidays, Ngong Ping 360’s subsidiary travel agency, will launch the 360 Private Lantau Tour, for departure with a minimum of 2 people. Guests can join with their family and friends to organise a small group private tour and customise their own itinerary from among various Lantau attractions, workshops, routes and so on. Prices will vary depending on guests’ chosen package. The aim of the tour is to provide guests with the best price with the best fit itinerary.

Another new travel trend is “checking in”, and 360 Holidays will launch the 360 Lantau IG Tour on which a tour guide will lead guests and introduce them to Ngong Ping and Tai O’s latest creative murals and hot spots. Guests can check-in and be taught the best shooting angles and techniques by a professional photographer. They will then be able to share their own professional-level IG-ready photos on social media, and will also be given two 4R-size copies of their photographs to mark the occasion.

**Donating more than 10,000 cable car tickets**
**Co-organising “Embrace the Sunshine” with BGCA to collect children’s stories of their pandemic experiences**

Many children have stayed at home to self-isolate and home-school during the peak of the pandemic. To allow children to now get close to and enjoy nature, Ngong Ping 360 has collaborated with The Boys’ & Girls’ Clubs Association of Hong Kong (BGCA) to organise the “Embrace the Sunshine” activity to collect stories of children’s experiences during the pandemic. This will see more than 10,000 cable car tickets being given to Hong Kong residents. To “Embrace the Sunshine”, from today until 5 June local children aged 11 or below¹ are invited to send a meaningful story of their experiences during the pandemic period to BGCA (childrenu@bgca.org.hk), together with their name, year of birth and first three digits of their Hong Kong identity card. These stories can be in any form, i.e., text, photos or drawings. BGCA will award 5,000 of the participants two Ngong Ping Cable Car tickets each (1 adult and 1 child ticket), to be used on

designated dates during July and December. Each of these selected participants will be able to obtain an additional two cable car tickets on site, by donating (a suggested $50 each) to the “NP360@BGCA Children Development Fund”, founded by the “Children U Programme” of BGCA. This will help to enable children in low-income families to participate in the interest and educational classes organised by BGCA, and thereby fulfil their potential.

Ngong Ping 360 will also donate 1,000 cable car tickets to the beneficiaries of BGCA and the volunteers who helped to deliver preventive materials, in appreciation for their efforts. Details can be found on BGCA’s website https://www.bgca.org.hk/.
